KATJA KOZLIAKOVA

ABOUT ME

Goal-oriented person with more than 3 years of experience in project work in web design and 3 years in software development.
In 2018, I moved to Finland, after which I studied the Finnish language full-time for 1.5 years, in order to achieve a good language level and citizenship.
My core competencies are a strong desire to learn new things and develop own skills, a can-do attitude and responsibility.
